Sub: Resignation

As I take a next step in my professional journey, I am announcing my decision to resign from STL. Over the last 14 months, it has been a privilege to serve as the Business leader for STL's Optical Connectivity Business.

With the team we could bring structure, vision and a long-term roadmap for the Optical Connectivity business and could mark this in Q2'25 where the business unit delivered its highest revenue quarter in the history of STL.

The OC Business unit has grown to be a strong pillar in STL's success in providing end-to-end solutions to customers around the globe.

I would like to thank the Chairman and the Board of STL, the CEO and his staff for their support. I would like to wish the team plenty of success to take the company and the business unit to greater heights in the future.

With regards

Dated 14 November 2024
