

STL sensron

For Railway

Platform Capabilities:

- Distributed Acoustic Sensing (DAS)
- Geo mapping & Custom Marker
- Web Based Sensron GUI
- Real Time Dual Channel Monitoring
- Live & Historical Waterfall

Features:

- Prediction for all Events Detected
- AI/ML Based Classification
- Long Range: 80Kms
- 24x7 Continuous Monitoring
- 10m Spatial Resolution

Notifications:

-  Email
-  Alerts
-  SMS

Integrations:

-  CCTV
-  Alarm
-  Location

Railway Usecases:

- Manual Digging & Machine Digging
- Fence/Barrier Tampering
- Cable Theft
- Train Position & Train Tracking
- Fibre Bend & Fibre Break
